

Padlock 70IB Aqua Safe

Technology

- Solid lock body made from brass
- Stainless-steel shackle for extra-special corrosion protection
- Sealed lock body with special protective cap and drainage channels to protect the locking mechanism from water and dirt
- Shock-absorbing plastic casing protects sensitive surfaces
- Double bolted
- Precision pin cylinder
- Paracentric key profile for increased protection against manipulation
- Inner components made from rust-free materials

Operation and use

- For medium-security requirements under extreme weather and environmental conditions
- Ideal for use on vehicles and boats

The perfect lock for outdoor use
